## **Local business**

The Oyster Harbour store and fuel outlet has changed hands. It is now trading as Liberty. The new owners ensured us that they will offer the same friendly service as the previous owners.

There are plans to redevelop this site which will happen later on as this will be a substantial redevelopment of the site we hope to be able at the appropriate time to sponsor a presentation on the proposal with the city of AIBANY we will keep our local communities informed as plans develop.

## **EMU POINT BOARDWALK**

There has been some recent publicity for a Boardwalk to extend from EMU Point around to Lower King and eventually out to the Kalgan this idea is supported by the EMU point community group and our committee is also supportive of the idea though it may not come to fruition for some time and there would have to be consultation and safeguards but the concept is a great one as we already have some wonderful coastal walks and this could be an extension of the existing network.

## **NEW IDEAS**

We are always looking for residents input to help us to improve our community organization. We always welcome communication and a good opportunity would be to attend our neighbour day on Sunday 28<sup>th</sup> of March to have your say about how we can make this area and even better place to live.
